Title:	Town of Brookhaven Stormwater Drainage System Plan
Document Last Updated in Database:	May 1, 2017

Abstract

The Town of Brookhaven requires that all preliminary stormwater drainage system plans show storm drains and structures, capacity of stormwater recharge basins and watershed outlines with their approximate area.

Resource

Town of Brookhaven NY
Subdivision Regulations Watershed Outlines
Code of the Town of Brookhaven NY
Subdivision Regulations
Article II: Preliminary Layout
§ SR-6 Layout Requirements

§ SR-6 Layout Requirements

J. Proposed Site conditions:

(3) Preliminary stormwater drainage system plan:

(a) Storm drains and structures and the required capacity for each stormwater recharge basin shall be shown on the preliminary layout.

(b) Watershed outlines and their approximate area, in acres, including those which extend beyond the boundaries of the subdivision, shall be shown. If preferred, indicate this with colored pencil on two copies of the preliminary layout.
