Title: Providence's Anti-Displacement and
Comprehensive Housing Strategy
Document Last Updated in Database: June 7, 2022

Abstract

Providence, Rhode Island's Anti-Displacement and Comprehensive Housing Strategy creates a plan to increase the amount of affordable housing in the city and reduce the risk of displacement. This strategy also connected housing insecurity and displacement with COVID-19 and racial inequality. This strategy also includes land use strategies that can be used to create more affordable housing, preserve the current affordable housing stock, and keep people in their communities.
