<b>Jurisdiction Type:</b>	Municipal
<b>Municipality:</b>	City of Miami
<b>Year:</b>	2021
<b>Title</b>	Chapter 17 Environmental Preservation
<b>Document Last Updated in Database:</b>	August 2021

The City of Miami requires a tree permit “prior to the removal, relocation, root pruning or trimming more than 25% of any tree” and “prior to the removal, relocation, root pruning or trimming of any tree, plant or shrub located in any portion of the City of Miami’s right-of-way.” Chapter 17 of the city’s code was enacted to protect, preserve and restore the tree canopy. It is notable in that this applies to private property owners too. More information can be found on the city’s website:
